

Helpful Hints from Alan Woods
From
The Metrotumbleweeds (Texas)

One thing that I got from Wade Driver regarding the center of the square -- I have used it for square thru and grand square -- he uses it at Advanced for pass in -- pass out, etc. where you need to know where flag pole center is. Many people use chairs -- some stand in the center of the square, some put money on the floor in the center -- now I have a couple of plungers that I put in the center of the square -- it gets their attention and reminds them of where the center is.

One thing that I do -- particularly when doing a party for handicapable dancers, is put tape on the floor for the home positions. I have found a gym floor tape that works well -- it is available in several colors, it is plastic, and relatively inexpensive.

Here is the place where I order it:

US Games
PO Box 7726
Dallas TX 75209

Tel: 1-800-327-0484
Fax: 1-800-899-0149

their website is : <http://www.Us-games.com>

Cost is \$3.99 for a 60 yard roll of 1" wide tape.
